IM608 PRO TABLET

OBD2 DIAGNOSTICS AND KEY FOB PROGRAMMER
+ G-BOX2 ADAPTER + APB112 SMART KEY SIMULATOR
& 8A BLADE CONNECTOR CABLE PLUS 2-YEAR SOFTWARE UPDATE

MAIN DESCRIPTION

The IM608PRO+APB112+GBOX2 Key Programming Bundle is a comprehensive immobilizer. This key programming bundle is composed of its Maxi IM608 10.1-in. Android touchscreen tablet, the XP400PRO key and chip programmer, the wireless JVC I J2534 pass-thru programming device, the APB112 Smart Key Simulator, the G-BOX2 Key Programming Adapter.

IM608 Pro is also an advanced diagnostics tablet featuring AutoVIN and AutoSCAN technology to automatically identify the vehicle and perform an all-systems scan. The advanced diagnostics functions of the IM608 Pro include the ability to perform active tests, coding, and adaptations.

Key Programming & IMMO: Autel Scanner MaxiIM IM608 Pro enables key learning directly through the OBDII port for over 85 percent of vehicles in North America. The tablet can read the immobilizer pins and passwords directly from the vehicle and store this information to use later when learning the newly programmed keys to the vehicle.

OE-Level All Systems Diagnosis: This Autel car diagnostic scan tool IM608 Pro is featuring Auto VIN and Auto SCAN technology to automatically identify the vehicle and perform an all-systems scan to read and erase fault codes. Moreover, advanced diagnostics functions such as active tests, ECU coding, and adaptations are also supported.

36+ Services and Reset Functions: The most commonly used services are covered by IM608 Pro, such as Oil reset, ABS reset, Auto bleeding, SRS reset, BMS, EPB, DPF Reg, Throttle and etc.

APB112 SMART KEY EMULATOR

AUTEL APB112 SMART KEY
SIMULATOR DECODE
VEHICLE KEY CHIP DATA

ATTRIBUTES

ITEM CODE	TL33989
WEIGHT	0.1KG
PACKAGE	12.5cm*8cm*4.5cm (Inch: 4.92*3.15*1.77)

DESCRIPTION

APB112 smart key simulator is designed to collect the data sent from the ignition coil, aiming to identify the ignition coil troubles and decode the data of the vehicle key chip.

It can also simulate the vehicle key chip. Currently, it supports simulating the 4D type chip and more key chip types will be supported with subsequent upgrades.

GALLERY

KEY FEATURES AND BENEFITS

- ✓ Smart key simulator
- ✓ Compatible with IM608, IM508, and MX808IM Autel Key Programmers
- ✓ Compact but would need to be used with the XP400
- ✓ Cannot be used with the XP200
- ✓ 46, 4D data collection
- ✓ 46 smart key password calculation
- ✓ 46 chip simulation
- ✓ Toyota 4D (94/D4, 98) smart key simulation
- ✓ Toyota H (88/A8, A9, 39) smart key simulation
- ✓ Collects data from the ignition coil
- ✓ Identify ignition coil troubles
- ✓ Decode vehicle key chip data
- ✓ Simulate vehicle key chip (ex - 4D chip)
- ✓ Must be used with an Autel Key Programmer and diagnostic tool
- ✓ Toyota/Lexus smart key all key lost
- ✓ Chip decoding (Hyundai 46)
- ✓ Includes: APB112 Smart Key Simulator, USB Cable, Quick Reference Guide

EMULATOR FROM AUTEL

AUTEL

G-BOX2 KEY PROGRAMMING ADAPTER

**AUTEL G-BOX2
KEY PROGRAMMING ADAPTER
FOR MERCEDES AND BMW VEHICLE**

ATTRIBUTES

ITEM CODE	TL33988
WEIGHT	0.1KG
PACKAGE	12.5cm*8cm*4.5cm (Inch: 4.92*3.15*1.77)

DESCRIPTION

The G-Box2 supports fast mode on vehicle and bench when all keys of Mercedes-Benz vehicles using the DAS3 EIS/EZS are lost, Reads and writes Bosch engine ECU on F chassis of BMW and MQB of Volkswagen.

Also supports DME/DDE ISN Reading and Writing in Boot Mode on applicable BMW vehicles. Bench Method is also supported. All Keys Lost password calculations are 4x to 8x faster.

Moreover, the number of insertions and removals of W216 and W164 EISs after the year 2009 is reduced to zero, greatly simplifying the operation steps. It can be used in Boot Mode or Bench Method.

G-BOX2 needs to be used with the Autel IM508 or IM608 for reliable performance.

GALLERY

KEY FEATURES AND BENEFITS

- All Keys Lost - Faster Password Calculation
- Mercedes Benz All Keys Lost, Faster Password Calculation
- Mercedes DAS3 add keys and all keys were lost on the bench.
- Mercedes DAS3 all keys were lost on the vehicle.
- Read engine control module password by boot.
- Read Bosch ME/MED/MEVD/EDC 17 Engine control module password on the bench. (New Feature for GBOX 2)
- Used for Faster Mercedes ECU data and EIS password calculation
- Mercedes DAS3 can EIS/EZS all keys lost
- Reduce time reading W204 ECU data & W207 EIS by over 85%
- No need to remove and reinsert the key for W221 & W164 after the 2009 models
- BMW DME/DDE ISN reading and writing in boot mode
- Used with IM608 or IM508 with XP400

MAIN FEATURES

● IM608 Functions and Services

the Autel IM608 allows for both a smart mode and expert mode counting on your experience level or needs.

● IM608 Key Programming

The MaxiFlash J2534 ECU reprogrammed is sort of robust. This It will be used with either Bluetooth connectivity or a USB connection. You can program duplicate ECU keys from this device. This is a powerful tablet for reading or writing keys if you need to perform maintenance or fix registration issues.

● IM608 Full System Vehicle Diagnostics

Diagnostics are this tool's bread and butter. In fact, the Autel IM608 can perform OE-level, in-depth diagnostics for over 80 makes and models from the US, Europe, and Asia. The scanner can examine the complete computer systems of the many major vehicles. It'll assist you locate and solve an onboard computer problem far more quickly and reliably than a typical OBDII diagnostic tool.

● IM608 Connectivity

The IM608 tablet is provided with a VCI (Vehicle Communication Interface). There's even an LED integrated into the connector port so you can hook it up in darkness. this is often linked to the DLC or OBD II connection. Bluetooth functionality is saved for last, which ensures a stable connection to your subject car. The Autel IM608's tablet also can hook up with the web via stable Wi-Fi.

● IM608 Design

The Autel IM608 features a 10-inch touchscreen that's highly aware of user input. The Android-based OS allows for smooth functionality. It allows for advanced key programming through an aesthetically simple and pleasing interface. Navigating the varied menus isn't a problem and straightforward for even beginners to understand.

There's also an 8.0 mega pixel camera integrated with the most tablet unit. this will assist you take photos for documentation purposes or your own testing. Finally, the tablet comes with a multilingual suite. this will be of great use for multilingual automotive shops or for teams with quite one primary language.

GENERAL INFO FROM AUTEL

AUTEL

OUR PROFESSIONAL OPINION

Overall, the Autel IM608 may be a phenomenal diagnostic scanner kit that has everything one may need for contemporary automotive maintenance and alteration.

Programming, scanning, and testing covered by accompanying hardware and software. It's easy to use and connect and features free software updates. As a result, it's a perfect choice for locksmiths and audio technicians alike.

FAQ

How do I use my Autel IM608?

The Autel MaxiIM IM608 Programmer is very easy to use, and a must-have for all levels of experience. Once connected to your vehicle, the advanced automatic VIN check functions will identify your vehicle's make and model by its VIN number, and you will be able to access many more features.

IMMO ECU programmer functionality requires you to connect the tablet to your vehicle via MaxiFlash using the included mains cable and USB cable. You can also connect your tablet to MaxiFlash via Bluetooth pairing, which is the recommended method for pairing. The Bluetooth link can also extend an impressive 210 feet.

When programming, you only need a connection between the XP400 and your tablet, no vehicle attachment is required. With the XP400 key programmer, you can access the key chip and read, write and retrieve basic information.

The Autel MaxiIM IM608 tablet's advanced scanners will also provide you with live data, making it easy to identify and fix issues on board. Through the product's user-friendly interface, you can access any of its many features, such as ABS or SRS services, or read PIN/CS data (all keys lost).

The smart mode will take novices through diagnosing systems Step by Step, while the Expert mode is ideal for more experienced users.

The Autel MaxiIM Programming and Diagnostic Tool will quickly and reliably show you any problems with your car and support you in solving any problems. Check out our Autel IM608 review above for in-depth information on the product's capabilities.

ADD FAQ

How do I update my Autel IM608?

It's really important to make sure your Autel MaxiIM IM608 tablet is up to date - just like with any gadget. Fortunately, updating is easy with the MaxiIM IM608, and with one year of free updates included with the tablet, you'll always be on the cutting edge of technology.

With the LED capacitive touch screen, you can access system settings from the main menu, and make sure you are connected to Wi-Fi. Next, go back to the main menu, and select MaxiIM. Select the update option on the screen, and give the tablet a few moments to download the latest content.

MaxiFlash JVCI will also need to be updated. Connect it to the tablet via the USB cable that came with the product. Locate the VCI icon at the bottom of the capacitive LED touch screen, and choose the update option that should appear on your screen. Your tablet will automatically connect to the VCI, and download the latest content for the tool.

The XP400 key programmer will also require an update. You can connect the XP400 to your MaxiIM IM608 via a USB cable. Access the MaxiIM screen from the main menu, and select the Programmer option. The tool will automatically download any new content.

GENERAL INFO FROM AUTEL

AUTEL

Q: Does the Autel IM608 have the same online programming functions as the MK908P?

A: As long as you have a JVC J2534 and a valid subscription from the OE manufacturer.

Q: Does im608 have the same obd2 diagnostic function as mk908, but much more powerful than mk908 in professional IMMO key programming?

A: Yes, you are right, IM608 has the same OBD2 functions as MK908. But in the IMMO function, IM608 is a professional and most powerful IMMO tool.

The MK908P offers comprehensive OE-level diagnostics, ECU coding, and BMW/Benz ECU programming, the IM608 is the most advanced and unique programming and diagnostic tool that combines advanced key programming.

MK908P Diagnostic Specialist (more for Auto Technicians).
IM608 Keys Specialist (More Locks)

Q: Does im608 do 2014 BMW 6 series cas4/cas4+ key programming?

A: Yes, IM608 can do 2014 BMW 6 Series CAS 4 key programming without problems.

Q: Can it fully perform the lost 2015 Audi A4?

A: Yes, the IM608 key programming tool can implement all keys lost in Audi A4 2015

Q: Ability to reprogram key chains for door lock and ignition functions. 2006 BMW 325i VIN: WBAVB13516PT26948?

A: Yes, it supports

Q: Does it support online programming for Benz and BMW cars?

A: No, he does not support this

Q: Does Autel im608 pro also clear key programming? How is this possible? For Suzuki keys and also Toyota keys use for erasing?

A: Yes, during the key programming process, the keys will be erased. You will need to program the keys to return to the vehicles regardless of whether they are original keys or new keys. You can refer to the case studies on YouTube so you can better understand how they work

Q: Can IM608 read passwords for all Ford vehicles?

A: No password needed for Ford

Q: IM608 Can FOB copies be made? @ Autel IM support?

A: Yes, it can do key copy for some models, but most of them are for key learning functions, connect the device to the vehicle through ODB, and then learn the vehicle's key.
